Firefighter Status and Eligibility

Firefighter is defined in Idaho Code §59-1302(16) as an employee, including paid firefighters hired on or after October 1, 1980, whose primary occupation is that of preventing and extinguishing fires as determined by the rules of the board.

Board Rules 300-302

300. DETERMINATION OF FIREFIGHTER (Rule 300). A "firefighter" means an employee whose primary occupation with an employer as defined by Section 59-1302(16), Idaho Code, is that of preventing and extinguishing fires. A firefighter member for retirement purposes is an employee appointed to the position of fire chief by a city council but not eligible to be a "paid firefighter," or the chief fire warden of a timber protective association, or is an employee of either the department of lands or of a timber protective association whose primary position and principal accountability in that position either requires direct supervision of employees engaged in the prevention, presuppression and suppression of wild land fires or requires the performance of those duties as the principal function of the position. A firefighter member for retirement purposes does not include an employee who may be required on occasion to engage in those functions as a secondary requirement of the position. 301. INCORRECT CLASSIFICATION OF FIREFIGHTER (Rule 301). An employer or agency which believes that any position is incorrectly classified as a firefighter position or a non-firefighter position may petition the board for inclusion or exclusion of such position as a firefighter position. Such petition shall be in writing and shall explain in detail the principal duties of the position. The board shall review the petition and evidence, together with such information and evidence as may be presented by the staff of PERSI. The board may decide the matter based upon the information supplied, may request additional information, or may request an oral presentation before the board. 302. "PAID FIREFIGHTER" EXCLUSION FROM RULES 300 AND 301 (Rule 302). The provisions of Rules 300 and 301 of this Chapter do not apply to a "paid firefighter" as defined by Sections 59-1391(f) or 72-1403(A), Idaho Code, or to any references to "firefighter" found in Title 72, Chapter 14, Idaho Code.
